

Government of the Republic of Trinidad and Tobago

**MINISTRY OF EDUCATION**

**SECONDARY ENTRANCE ASSESSMENT 2016**

**INFORMATION BOOKLET**

Dear students,

On May 5th 2016 the first milestone in your education journey was achieved when you wrote the Secondary Entrance Assessment (SEA) examination. This milestone marks the culmination of your primary school education, which ushered you through your juvenile years to this moment. Today, you stand on the cusp of a new experience as adolescents and in another few years as young adults entering university or the workplace. I implore you to direct the same diligence as you manoeuvre the landscape of secondary school.

Your dedication to your studies during this past stage of your educational journey involved many hours, days, weeks and months of hard work. Your parents, teachers and principals were on-hand to provide physical support while the Ministry of Education ensured that your schools were well staffed and equipped to prepare you for the SEA. The next leg of your journey will require greater discipline and personal responsibility but I am confident that each of you has what it takes to succeed.

I know how proud your parents are of you and I am sure they will continue to nurture in you, values and principles that will help you mature into well-mannered, balanced individuals. The Ministry of Education's commitment is to provide each student with access to the highest quality education in a safe, supportive learning environment. Stakeholders will partner to provide oversight for your safety and security at school. Your principals and teachers, who have responsibility for the management of your schools, will assist you in your daily routine. The values and motto of the school must be upheld and you must always respect your teachers and those in authority.

You and your fellow students will now enjoy collective ownership of your classroom. In this shared space you will learn and develop individual ideas and exchange opinions, which will help to shape your identity. You will recognise the need to listen, assess situations and

make decisions that will serve you well in your future undertakings. The choices that you make must be in the best interest of all and your judgement must be guided and based on positive social values.

As I close, I urge you to embrace this opportunity for secondary education, continue to work hard, manage your time and keep away from distractions. Focus on your studies and put your best foot forward as you continue on your education journey.

My sincere congratulations to you.

**The Honourable Anthony Garcia**  
Minister of Education

# Q & A

**Answers to your frequently asked questions**

**Q1: What are the components of the Secondary Entrance Assessment (SEA)?**

A1: The SEA comprises two components:

- (i) A Continuous Assessment Component (CAC) in six subjects - English Language Arts (ELA) Writing, Character and Citizenship Education (CCE), Science, Visual and Performing Arts (VAPA), Physical Education (PE) and Agricultural Science; and
- (ii) A Final Assessment in Language Arts and Mathematics.

N.B. VAPA comprises Drama, Music and Visual Arts.

**Q2: How are components of the SEA administered?**

A2: Teachers administer the CAC at both the standard four and standard five level under normal classroom conditions while the Final Assessment [prepared by the Caribbean Examinations Council (CXC)] is done on one (1) day under standardised examination conditions.

**Q3: How are the subjects in the SEA scored and weighted?**

A3: The subjects are scored and weighted as follows:

Subject	Maximum Possible Raw Score	Weighting
A. Continuous Assessment Component (CAC)		
(i) English Language Arts (ELA) Writing	50	10%
(ii) Other Subjects: Agricultural Science Character & Citizenship Ed. Physical Education Science Visual & Performing Arts (VAPA): Music, Drama, Visual Arts	100	20%
B. Final Assessment		
(i) Language Arts	100	30%
(ii) Mathematics	100	40%

**Q4: Who is responsible for the marking of the assessments?**

A4: Teachers in the respective primary schools mark the CAC while the CXC marks the final assessment. The CXC, in conjunction with the Ministry of Education, also has responsibility for moderating the CAC scores.

**Q5: What is moderation of the CAC scores?**

A5: The CXC, in conjunction with the Ministry of Education, re-marks a sample of students' work from all schools and adjusts the scores awarded by the teachers, if necessary. These scores can be adjusted upwards or downwards.

**Q6: Why is my child's final CAC raw score different from that which was awarded by the teacher?**

A6: Your child may have been awarded moderated raw scores.

**Q7: What is the process for placement?**

A7: Students' marks (raw scores) on all subjects are converted to standard scores which are then weighted and combined. The combined scores are used to assign students to one of the following types of secondary schools:

- Government secondary schools
- Government-assisted secondary schools
- Private secondary and pre-vocational/technical schools

**Q8: What criteria is used to place students in secondary schools/pre-vocational centres?**

A8: Students are assigned to secondary schools/pre-vocational centres based on the following criteria:

- Parent's choices
- Student's performance by order of merit
- Principal's 20% selection (Denominational schools)
- Gender
- Residence
- Multiple birth

**Q9: Why are some students placed in schools not among their choices?**

A9: Firstly, students are assigned to schools based on order of merit, choice and the intake of schools. If a student's score does not allow him/her to be placed in any one of his/her four choices, he/she is assigned to an available secondary

school/pre-vocational centre close to his/her residence.

**Q10: When do I register my child at the secondary school to which he/she has been assigned?**

A10: Registration will take place at the respective secondary school/pre-vocational centre on the date indicated by the principal. This information is indicated on the student's placement slip and may also be obtained from the secondary school/pre-vocational centre.

**Q11: What is required for registration of students?**

A11: At registration, the parent/guardian is required to accompany the student and must provide:

- The student's birth certificate
- The student's placement slip

**Q12: Where can I obtain information about my child's performance on the SEA?**

A12: Each child will receive a Student Performance Report at his/her primary school.

The Report will outline his/her performance on each component of the assessment as well as how he/she performed in relation to other students who wrote the SEA.

Any additional information may be obtained from the School Supervisors at the Education District Office in your area.

### **Q13: What can I do if I am not satisfied with the placement of my child?**

A13: You may:

- Request a transfer, the granting of which is subject to the Transfer Committee's acceptance of the reason for requesting a transfer and the availability of space at a school where your child's scores are applicable
- Query the marks obtained
- Have the child repeat the SEA, provided that all criteria are met and there is available space at a primary school

### **Q14: How do I query or review my child's performance?**

- A14:
- All queries or requests for reviews are to be referred to the School Supervisor at the Education District Office in your area
  - For a review of your child's performance, complete and return **no later than Wednesday 13th July, 2016** the Request for Review Form available from the School Supervisor at the Education District Office in your area
  - You may request a review of one or both subjects of the Final Assessment, i.e. Language Arts and/or Mathematics
  - A fee of Barbados \$25 per subject, payable to CXC, will be charged for the review of Language Arts and Mathematics test papers
  - Obtain a bank draft payable to the Caribbean Examinations Council (CXC) from any commercial bank
  - Results of reviews will be available at the respective Education District Offices from **Monday 15th August, 2016**

**The CAC subjects will not be reviewed since they**

**have already been moderated by the CXC/Ministry of Education. Please DO NOT purchase a bank draft for any of these subjects.**

**Q15: How do I apply for a transfer for my child?**

A15: On the day of registration, complete a Request for Transfer Form which will be available at the secondary school to which the child has been assigned.

Students must be registered at the assigned secondary schools/pre-vocational centres before they can be considered for transfers.

Transfers are NOT GUARANTEED; they depend on the availability of places at the secondary schools that have been requested. Note that all secondary schools/pre-vocational centres received their full quota of students during the placement process.

The criteria used for transfer are as follows:

- Students' performance (merit)
- Change of address
- Medical condition that must be verified by a medical certificate and school records
- Special needs e.g. disabilities

Principals of secondary schools/pre-vocational centres are required to sign and submit all requests for transfer to the respective Education District Offices for consideration by the Transfer Committee.

The deadline for receipt of transfer requests at the Education District Office is **Friday 22nd July, 2016.**

Release of transfer results will be made available at Education District Offices by **Friday 19th August, 2016.**

**Q16: What should I do if I decide not to allow my child to take up his/her place at the Secondary School/ Pre-vocational Centre?**

A16: Complete the Parent Declaration Form which is available at both the primary and secondary schools/ pre-vocational centres. Submit the form to the principal of the secondary school/pre-vocational centre to which the student was assigned.

The Parent Declaration Form is confirmation by you that your child would not be accepting the place in the secondary school assigned. A completed Declaration Form is NOT a request for a transfer.

Failure to attend school during the first week of the new school year will be interpreted as non-acceptance of the place which the student was assigned.

**Q17: What are the criteria used to determine which students will re-sit the SEA in 2017?**

A17: Students who were born after August 31st, 2003 and whose average score was 30% or less in the SEA 2016.

**Q18: Why is my child required to re-sit the SEA in 2017?**

A18: It is believed that students who have scored 30% or less have not yet mastered the basic competencies of numeracy and literacy.

We believe that your child needs additional assistance to better prepare him/her for secondary education.

**Q19: Where will my child receive additional assistance?**

A19: Your child will receive additional assistance at the primary school at which he/she wrote the SEA in 2016.

Additional assistance may include special programmes in numeracy and literacy and guidance and counselling services.

Further information is available at the Education District Office in your area.

**Q20: Why has my child who is older than 13 years and who scored 30% or less, been placed in a secondary school/Junior Life Centre?**

A20: We believe that given your child's age he/she is better able to benefit from the remedial/alternative education programme that will be offered.

**Q21: What are some of the challenges for my child moving from primary to secondary school?**

A21: Some of the challenges are:

- Learning new subjects at secondary school
- Managing time constructively
- Travelling to and from new locations
- Meeting and making new friends
- Knowing and obeying new school rules
- Securing school books and other belongings
- Dealing with conflict
- Managing money efficiently
- Knowing the roles of the various school personnel; e.g. Form Teacher, Dean of Discipline, Vice Principal and Guidance Officer

**Q22: What are some of the challenges for my child repeating Std. V?**

A22: Some of the challenges are:

- Coping with disappointment about the results
- Re-adjusting to a new class in the same primary school
- Improving performance level
- Remaining focused while repeating lessons previously taught

**Q23: What can I do if my family has serious emotional difficulty in coping with the results?**

A23: Counselling assistance is available to you from the Student Support Services Division of the Ministry of Education. You may call one of the following numbers Monday to Friday 8:00 a.m. to 4:00 p.m.

**Student Support Services Division (SSSD) Offices**

Victoria	653-6253
Caroni	672-7626
St. Patrick	657-9174
North Eastern	668-1861
St. George East	289-4583
Port of Spain & Environs	625-0981
South Eastern	644-0001
SSSD Head Office	625-9087/624-7301
Tobago	639-5220

Alternatively, you may seek counselling assistance from your private practitioner.

# Sample and Explanation of a STUDENT PERFORMANCE REPORT

The Government of the Republic of Trinidad and Tobago

## MINISTRY OF EDUCATION

SECONDARY ENTRANCE ASSESSMENT 2016

### STUDENT PERFORMANCE REPORT

Name:

Afez, Joella A

Student Number:

1234567890 B

Primary School Attended:

0111 - Success Primary School

Raw Score gained by Subject:

C

SUBJECT	MAXIMUM RAW SCORE	SCORE OBTAINED
Mathematics	100	90
Language Arts	100	86
<i>Continuous Assessment Component</i>		
<sup>1</sup> ELA Writing	50	45
<sup>2</sup> C.C.E., Visual and Performing Arts, Physical Education, Science, and Agricultural Science	100	85

Composite Standard Score: 238.516 D

Percentile Rank: E

75<sup>th</sup> (National) F

89<sup>th</sup> (Female) G

School Assigned:

777 - Excel Secondary School H

- ❑ The Composite Standard Score is an aggregate of the raw scores that were converted statistically and weighted. It is used to rank and place the students.
  
- ❑ The **Percentile Rank** indicates the percentage of students who scored below the composite standard score of the particular student.  
*A student, who is at the 75<sup>th</sup> percentile rank, has scored either the same as or higher than 75% of all the students who wrote the SEA. This also means that 25% of all the students who wrote the SEA have scored higher than that student.*  
**For example,** If 18 720 students wrote the SEA, approximately 4 680 students scored more than that student or 14 040 scored less than that student.

<sup>1</sup>ELA-English Language Arts

<sup>2</sup>CCE-Character and Citizenship Education

- A** The **name of the student** who wrote the SEA.
- B** The **number assigned** to the student who wrote the SEA.
- C** A table that indicates the **raw or actual score** obtained by the student in the subjects written for the SEA.
- D** The **Composite Standard Score** is used to rank and place students. It is determined by using a statistical formula applied to the actual scores.
- E** The **Percentile Rank** indicates the ranking of the student in relation to the student population sitting that year's exam.

**e.g.** Joella Afez has scored in the 75th percentile. This means that approximately 75% of the students who wrote the SEA scored the same as or less than Joella Afez while approximately 25% of the students scored more than Joella.

In other words, if 18,000 students wrote the SEA approximately 4,500 (25%) students scored more than Joella and 13,500 students scored less than Joella.

- F** "**Nationally**" indicates that among all the students who wrote the SEA, Joella Afez scored at the 75th percentile. **(See E)**
- G** "**Female**" indicates that among female students Joella Afez scored at the 89th percentile. **(See E)**
- H** "**School Code/Name**" of the secondary school to which Joella Afez was assigned.
